**WOLF CLASSIC™**

## WOLF CLASSIC

With a combination of style and affordability, Wolf Classic has become one of America's most popular cabinetry lines. Designed for independent dealers by independent dealers, cabinets are available in today's most popular door style and finish combinations in stock and at extremely attractive price points. This includes the upscale look of paints and glazes at no additional charge.

With a broad selection of SKUs, accessories and mouldings, Wolf Classic will make any design as beautiful as it is affordable. Wolf Classic is a trusted choice for cabinetry. It's backed by a five-year warranty, which is better than any other cabinetry line at this price, so you can buy with confidence.

### EXCEPTIONAL STYLE, EXCEPTIONAL VALUE

Designed for independent dealers by independent dealers, Wolf Classic proudly offers today's most popular door style/finish combinations in stock and at extremely attractive price points. This includes the upscale look of paints and glazes at no additional charge. With a broad selection of SKUs, accessories and mouldings, Wolf Classic will make any design as beautiful as it is affordable.

### QUALITY IS IN THE DETAILS

Wolf Classic offers distinct series to make finding the right cabinetry for every project easy. Thanks to carefully curated styles, finishes, features and more, every need is met with a quality choice.

Plus, all Wolf Classic cabinets are handcrafted, combining generations of woodworking expertise with today's latest manufacturing technologies. Solid hardwood components and a state-of-the-art finishing systems produce a consistently beautiful and long-lasting appearance.

### BUY WITH CONFIDENCE

You can be confident when choosing Wolf Classic cabinets. In addition to certifications from the Kitchen Cabinet Manufacturers Association (KCMA) and the Environmental Stewardship Program (ESP) for both the Expression and Insight Series, Wolf Classic boasts a 5-year warranty – better than any other cabinet line at this price point.

**Whether you're looking for style, quality, affordability — or all three — look no further than Wolf Classic cabinets.**

## WOOD CHARACTERISTICS & VARIATIONS

Naturally occurring wood characteristics such as variations in color, grain, mineral streaks and knots are not considered defects.

Color variations are a natural occurrence due to species, age, character of cabinets, and exposure to UV light and sunlight. Such variations and changes are not considered defects. For these reasons, new and/or replacement cabinets may not match display samples and/or existing cabinets.

Warping is the bending or twisting of a part. To measure a door or shelf, lay the product on a flat surface and measure the gap from the surface to the part. The standard allowable tolerance for wood is 1/8" per lineal foot. Materials that fall within specification are considered acceptable, as a part of the natural characteristics of wood.

## DOOR SERIES

### EXPRESSION SERIES

DARTMOUTH

DARTMOUTH 5-PC

YORK

BERWYN

HUDSON

LS = Lazy Susan	U = Utility	

**B12 = Base 12" Wide**

**W3030 = Wall 30" Wide, 30" High**

## FINISH PROCESS

1. All surfaces are machine-sanded.
2. Dust particles are removed before entering each spray machine.
3. Product enters an automated finish system where solvent-based pigment stain is applied.
4. Product is sealed and put through a pre-cure drying process.
5. Complete cure is done with slow bake process.
6. All edges of parts are hand-sanded before being put in a brush-sanding machine.
7. Final topcoat is applied and put through a pre-cure process followed by slow bake for final, thorough curing.
8. Clear finishes use a catalyzed varnish, and paint finishes use a post-catalyzed lacquer.
9. Products are inspected for defects, cleanliness and smoothness.
10. The front side of the products gets a stain coat, a sealer coat and final top coat. The backs of drawer fronts and doors get a stain coat and a sealer coat.

## Reduce Depth

# COMPLEMENTS PAINT

There's a whole new way to make your kitchen your style. Thanks to Wolf Classic Complements, you can now personalize your kitchen and bath with accent colors for base cabinets, islands, vanities and more. They're the perfect complement to our most popular Wolf Classic styles and colors.

**Bayside** – A rich, medium blue. This slate blue hue is extremely versatile and will accentuate every style in any room.

**Biscayne** – The darkest of our Wolf Classic Complements blue finishes. A deep, rich blue shade closest to navy is both elegant and timeless.

**Midnight** – A refreshing black finish void of any undertones. With a velvety look, this strong hue will add dimension and make a statement no matter what room it's used in.

**Palmetto** – A nod to green with grey undertones. This subtle, light green shade provides a softer color contrast while also adding plenty of character.

**Seabreeze** – A cool-toned blue-green finish most like robin's egg blue. Just the right amount of color for a clean, crisp accent in any application.

**Seaport** – More royal than Bayside and lighter than Biscayne, this strong mid-range blue is bold, yet sophisticated while providing endless depth.

## COMPLEMENTS PAINT

All cabinet interiors will be white, including cabinets prepped for glass and mullion door cabinets  
Available on most stock cabinets and accessories  
Available on Dartmouth, Dartmouth 5-Piece and York door styles

## ADA – Universal Design

### ADA and Universal Design (UD) Specifications

Wolf Classic cabinets are offered in ADA-Compliant and Universal Design specifications.

Available in all standard door styles and colors. Wolf's ADA and Universal Design cabinets are special order only and require a longer lead time to deliver. Please work with your Wolf Sales Consultant or Wolf Customer Care to determine your delivery date.

**ADA**

- 32½" Cabinet Height
- 9" High Toe-kick
- 9" Deep Toe-kick

**Universal Design (UD)**

- 32½" Cabinet Height
- 5½" High Toe-kick
- 4⅞" Deep Toe-kick

### What is ADA Compliance vs. Universal Design?

ADA-compliant cabinets are designed to meet the needs of people with disabilities per the Americans with Disabilities Act. Wolf Classic offers ADA-compliant cabinetry with a reduced height and a taller and deeper toe-kick. However, it is important to note that just because ADA-compliant cabinetry is used, your design/project does not automatically become ADA compliant. ADA compliance is based on the overall height of the workspace, clear floor space, knee clearance and toe clearance combined. All of these elements must be applied together and accurately for your design to be considered ADA compliant.

Universal Design, also known as Aging in Place Design, is a much broader concept. The goal is to create an environment that is usable, to the greatest extent possible, by people of any age or ability without the need for a special design or adaptation. In order to be considered UD, your design must consider the space needed for approach, reach, manipulation and overall use regardless of the user's body size, posture or mobility.

Both of these design styles are concerned with addressing the needs of users beyond those considered to be "average" or "typical".

## ADA COMPLIANT UNIVERSAL DESIGN SPECS

- 1 Cabinet fronts are made from ¾" solid maple wood. Rails are pocket drilled and assembled with 1¼" screws for rugged durability.
- 2 Side panels and bottom - ½" plywood with matching exterior laminate - glued and stapled in a ½" dado in the cabinet's front frame.
- 3 Back panels - made from vinyl-covered (inside only) ½" plywood - are glued and nailed in a ½" dado and stapled to the hang rail and cabinet bottom.
- 4 All-wood ¾" corner blocks are installed on all corners.
- 5 All Base cabinets are 32½" high.
- 6 Wolf Classic's ADA cabinets are designed to meet the Americans with Disabilities Act guidelines with a Toe-kick height of 9". Universal Design cabinets are constructed with a 5½" high toe-kick. Both ADA and UD cabinets are available in special order.

#### NOTES:

1. In order to maintain height compliance, cabinets must be placed on top of flooring rather than the floor butting up to the cabinet toe-kick.
2. ADA and UD bases do not include an interior shelf due to cabinet and toe-kick heights.

**ADA Cabinets:** Local codes may differ. Please confirm specifications with local code enforcement agencies prior to ordering. These items are non-returnable.

**WOLF CLASSIC | 5-YEAR LIMITED WARRANTY**

Wolf Classic cabinets have been manufactured under the highest standards of quality and workmanship.

**FIVE-YEAR LIMITED WARRANTY ON CABINETS, DRAWER GUIDE AND HINGES**

Wolf Home Products warrants to original consumer purchasers for five years from date of original purchase that cabinets, drawers, drawer guides and hinges used in the manufacture of Wolf Classic cabinets shall be free from defects in material and workmanship under normal use.

**GENERAL WARRANTY GUIDELINES**

Should Wolf Classic cabinets fail during the applicable warranty period due to defects in the material or workmanship under normal use, Wolf Home Products, at its discretion, will repair or provide the parts necessary to replace the defective products.

This warranty is applicable only to products used in residential applications in the United States and is not transferable. This warranty does not cover products that are misused, abused, mishandled, improperly installed, improperly stored, changed, modified or subject to extreme temperatures or extreme moisture levels, or normal wear and tear. This warranty is not valid for products used for any purpose other than the purpose for which they were originally intended. This warranty does not cover the cost of installation, removal, subsequent damage or transportation of the defective product, regardless of whether the work was performed by a contractor, service company or the consumer.

Variations in color and grain pattern are a natural characteristic of wood. Color changes also may result from exposure to light, heat, smoke, household cleaners, and other elements and environmental conditions that are part of the aging process. These material variations and changes are not covered by this warranty. Wolf Home Products reserves the right to substitute for discontinued product the most similar product in styling, wood species and color available at the time a claim is submitted.

Paint finishes are uniquely different from standard wood finishes. On all wood products, expansion and contraction are typical due to changes in climate conditions. Due to this normal movement, paint finishes may develop slight separation lines, finish breaks and seam lines. With use of selected hardwoods and veneers, some grain patterns and wood characteristics (checks, pin knots) as well as seams and joints will remain visible through the paint finish. Over time, there may be a slight color shift, due to exposure to natural and artificial light. These normal conditions are not considered quality defects and are not covered by this warranty.

THIS WARRANTY IS THE EXCLUSIVE WARRANTY OF WOLF HOME PRODUCTS AND IS IN LIEU OF AND WOLF HOME PRODUCTS DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights and you may also have other rights that vary from state to state.

To submit a claim under this warranty, contact your nearest Wolf Classic cabinets dealer or send a letter explaining the defect along with photos and a dated sales receipt as proof of purchase to the address below.
