

## NON-PRORATED LIMITED LIFETIME WARRANTY

Homeland Vinyl Products, Inc. (“Manufacturer”) warrants to the original purchaser/homeowner that Wolf Railing products will be free from manufacturing defects – including peeling, flaking, blistering, rotting and corroding – when subject to normal and proper use. This warranty is for the lifetime of the original purchaser (and as long as the original purchaser is still living and retains ownership of the property). Should any defect occur during the warranty period, the Manufacturer will repair or replace, at its option, the defective railing products. In lieu of repair or replacement, the Manufacturer also reserves the right to refund the amount paid by the original owner for the Wolf Railing product and such refund shall fully discharge all obligations and liabilities of the Manufacturer under this warranty.

In no event shall the Manufacturer be liable or responsible for labor charges or other expenses arising from or pertaining to the removal or installation of either the original or replacement product. Should the Manufacturer repair or replace a defective product under the terms of this warranty, the original warranty shall apply to the repaired or replaced railing product, and will extend for the balance of the warranty period in effect at the time the material proved defective.

This warranty automatically terminates upon the sale of the property or death of the last of the individuals that owned the property at the time of installation.

The lifetime coverage offered by this warranty for the Manufacturer’s products is applicable only to single family residences. In the case of Wolf Railing material that is installed upon any other type of building or premises, the warranty period will be for 30 years following the installation.

This warranty does not apply to or provide protection against any failure, defect or damage resulting from events or conditions that are beyond normal exposure or customary usage, including, but not limited to:

- Misuses, abuse, neglect or improper handling or storage;
- Improper installation;
- Use of accessories or other products which do not properly receive and/or secure Wolf Railing products;
- Impact of foreign objects, fire, earthquake, flood, lightning, hail, hurricane, tornado or other casualty or act of God;
- Movements, distortion, collapse or settling of the ground or structure on which the railing product is installed;
- Discoloration or other damage caused by air pollution (including but not limited to metal oxides or metallic particles), mildew, exposure to harmful chemicals or normal weathering from the elements; or
- Any other cause not involving manufacturing defects in the material supplied by the Manufacturer.

Normal weathering is defined as exposure to sunlight and extremes of weather and atmosphere, which will cause any colored surface to gradually fade, chalk, or accumulate dirt or stains. The severity of any condition depends on the geographical location of the railing products, the cleanliness of the air in the area, and many other influences over which the Manufacturer has no control. The Manufacturer shall have sole discretion to determine, based on reasonable criteria, whether the railing products is suffering from normal weathering.

This warranty does not apply to any railing product which has been painted, varnished or on which any other substance has been applied over the manufacturer’s original finish.

The homeowner/purchaser acknowledges and agrees that the Manufacturer may, without notice to the homeowner/purchaser, discontinue or modify any of its products, including, without limitation, the style, size or color. The Manufacturer shall not be liable in the event replacement material varies from the original product. If the Manufacturer replaces any material under this warranty, it may substitute products designated by the Manufacturer to be of comparable quality or price range in the event the product initially installed has been discontinued or modified.
