WOLF CLASSIC™

WOLF CLASSIC

With a combination of style and affordability, Wolf Classic has become one of America's most popular cabinetry lines. Designed for independent dealers by independent dealers, cabinets are available in today's most popular door style and finish combinations and at extremely attractive price points.

With a broad selection of SKUs, mouldings, modifications and Complement Paints, Wolf Classic will make any design as beautiful as it is affordable. Wolf Classic is a trusted choice for cabinetry. It's backed by a five-year warranty, which is better than any other cabinetry line at this price, so you can buy with confidence.

EXCEPTIONAL STYLE, EXCEPTIONAL VALUE

Wolf Classic proudly offers today's most popular door style/finish combinations at extremely attractive price points. This includes the upscale look of paints at no additional charge. With a broad selection of SKUs, accessories and mouldings, Wolf Classic will make any design as beautiful as it is affordable.

QUALITY IS IN THE DETAILS

Thanks to carefully curated styles, finishes, features and more, every need is met with a quality choice.

Plus, all Wolf Classic cabinets are handcrafted, combining generations of woodworking expertise with today's latest manufacturing technologies. Solid hardwood components and a state-of-the-art finishing systems produce a consistently beautiful and long-lasting appearance.

BUY WITH CONFIDENCE

You can be confident when choosing Wolf Classic cabinets. In addition to certifications from the Kitchen Cabinet Manufacturers Association (KCMA) and the Environmental Stewardship Program (ESP). Wolf Classic boasts a 5-year warranty – better than any other cabinet line at this price point.

THINKING OUTSIDE THE BOX

Your space, your vision. Bring them together affordably with Personalized Solutions from Wolf Classic™ cabinets. Personalized Solutions lets you modify many of our popular Wolf Classic cabinets to fit your one-of-a-kind style.

- **Modify cabinets** with more design options to meet the needs of the space and satisfy unique style
- **Add storage solutions**, like pull-out organizers and tip-out trays, pre-installed, which ensures more precise and timesaving installation
- **Select trending colors** and color combinations through a wider variety of complementary paints, providing even more creative flair

Wolf Classic becomes a complete cabinetry solution — so not only can you make a customized design statement, but also enjoy extra design flexibility, easily accommodate the character of a space and incorporate the latest trends in vibrant colors — all in a fraction of the time. Just think outside the box.

Whether you're looking for style, quality, affordability — or all three — look no further than Wolf Classic cabinets.

WOOD CHARACTERISTICS & VARIATIONS

Naturally occurring wood characteristics such as variations in color, grain, mineral streaks and knots are not considered defects.

Color variations are a natural occurrence due to species, age, character of cabinets, and exposure to UV light and sunlight. Such variations and changes are not considered defects. For these reasons, new and/or replacement cabinets may not match display samples and/or existing cabinets.

Warping is the bending or twisting of a part. To measure a door or shelf, lay the product on a flat surface and measure the gap from the surface to the part. The standard allowable tolerance for wood is 1/8" per lineal foot. Materials that fall within specification are considered acceptable, as a part of the natural characteristics of wood.

Wolf Classic's Hanover, Dartmouth and York door styles use HDF rails and stiles with MDF center panels when painted. Using High/Medium Density Fiberboard provides a smooth, painted surface that does not expand or contract and reduces visible seams where pieces are joined. Fiberboard also provides a stable substrate that minimizes warping and provides better moisture resistance - an industry standard material for painted product.

FINISH AVAILABILITY

DOOR STYLE	STANDARD FINISHES	CODE	IN STOCK	SPECIAL ORDER
Dartmouth	Brownstone	024	X	X

	White Paint	020	X	X
Berwyn	Opal Paint	040	X	X
Hanover	Grey Stain	039	X	X
	White Paint	038	X	X

FINISH PROCESS

1. All surfaces are machine-sanded.
2. Dust particles are removed before entering each spray machine.
3. Product enters an automated finish system where solvent-based pigment stain is applied.
4. Product is sealed and put through a pre-cure drying process.
5. Complete cure is done with slow bake process.
6. All edges of parts are hand-sanded before being put in a brush-sanding machine.
7. Final topcoat is applied and put through a pre-cure process followed by slow bake for final, thorough curing.
8. Clear finishes use a catalyzed varnish, and paint finishes use a post-catalyzed lacquer.
9. Products are inspected for defects, cleanliness and smoothness.
10. The front side of the products gets a stain coat, a sealer coat and final top coat. The backs of drawer fronts and doors get a stain coat and a sealer coat.

COMPLEMENTS PAINT

There's a whole new way to make your kitchen your style. Thanks to Wolf Classic Complements, you can now personalize your kitchen and bath with accent colors for base cabinets, islands, vanities and more. They're the perfect complement to our most popular Wolf Classic styles and colors.

Bayside – A rich, medium blue. This slate blue hue is extremely versatile and will accentuate every style in any room.

Biscayne – The darkest of our Wolf Classic Complements blue finishes. A deep, rich blue shade closest to navy is both elegant and timeless.

Juniper – A deep, dusty grey-green hue. Rustic, yet refined, this finish will create a warm and charming focal point in any living space.

Laurel – A bold, seagrass green. A showcase of any unique, personal style, this finish will brighten and energize upon first glance.

Midnight – A refreshing black finish void of any undertones. With a velvety look, this strong hue will add dimension and make a statement no matter what room it's used in.

Palmetto – A nod to green with grey undertones. This subtle, light green shade provides a softer color contrast while also adding plenty of character.

Seabreeze – A cool-toned blue-green finish most like robin's egg blue. Just the right amount of color for a clean, crisp accent in any application.

Seaport – More royal than Bayside and lighter than Biscayne, this strong mid-range blue is bold, yet sophisticated while providing endless depth.

Stonybrook – An inviting combination of brown and grey make a strong, earthy finish. Adaptable and sure to make any neutral space interesting and inviting.

COMPLEMENTS PAINT

All cabinet interiors will be white, including cabinets prepped for glass and mullion door cabinets
Available on most stock cabinets and accessories
Available on Dartmouth, Dartmouth 5-Piece, Hanover and York door styles

Special order Touch-up Markers and Fill sticks will be shipped direct.

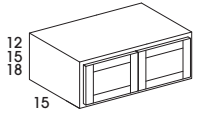

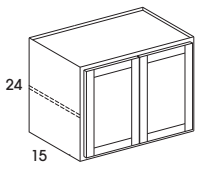

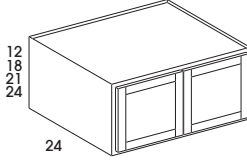

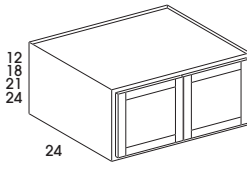

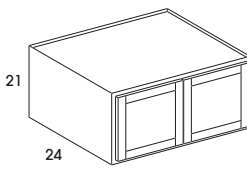

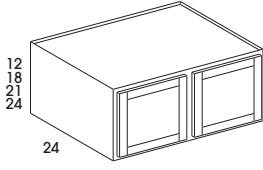

Touch-up kits include 1 putty fill stick, 1 touch-up marker and 1 small bottle of top coat

Wolf pints of stain and paint are for touch up purposes only. When doing a color match for a larger project we recommend taking a door to a professional paint store to do a color match.

ADA – Universal Design

ADA and Universal Design (UD) Specifications

Wolf Classic cabinets are offered in ADA-Compliant and Universal Design specifications for kitchen-at-a-time orders.

Available in all standard door styles and colors. Wolf's ADA and Universal Design cabinets are special order only and require a longer lead time to deliver. Please work with your Wolf Sales Consultant or Wolf Customer Care to determine your delivery date.

ADA

- 32½" Cabinet Height
- 9" High Toe-kick
- 9" Deep Toe-kick

Universal Design (UD)

- 32½" Cabinet Height
- 5½" High Toe-kick
- 4⅞" Deep Toe-kick

What is ADA Compliance vs. Universal Design?

ADA-compliant cabinets are designed to meet the needs of people with disabilities per the Americans with Disabilities Act. Wolf Classic offers ADA-compliant cabinetry with a reduced height and a taller and deeper toe-kick. However, it is important to note that just because ADA-compliant cabinetry is used, your design/project does not automatically become ADA compliant. ADA compliance is based on the overall height of the workspace, clear floor space, knee clearance and toe clearance combined. All of these elements must be applied together and accurately for your design to be considered ADA compliant.

Universal Design, also known as Aging in Place Design, is a much broader concept. The goal is to create an environment that is usable, to the greatest extent possible, by people of any age or ability without the need for a special design or adaptation. In order to be considered UD, your design must consider the space needed for approach, reach, manipulation and overall use regardless of the user's body size, posture or mobility.

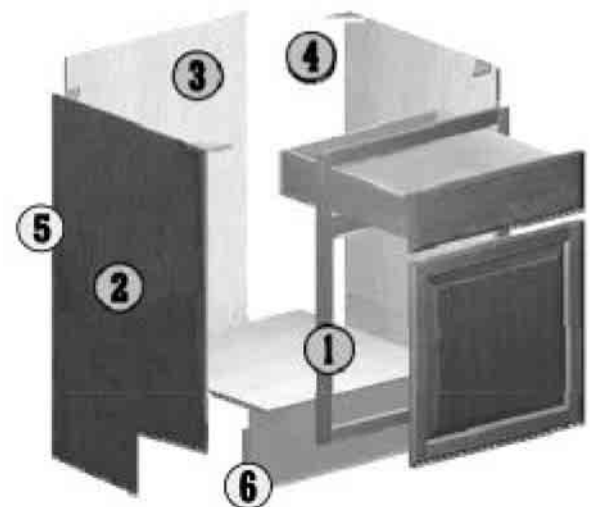

Both of these design styles are concerned with addressing the needs of users beyond those considered to be "average" or "typical".

ADA COMPLIANT UNIVERSAL DESIGN SPECS

- 1 Cabinet fronts are made from ¾" solid maple wood. Rails are pocket drilled and assembled with 1¼" screws for rugged durability.
- 2 Side panels and bottom - ½" plywood with matching exterior laminate - glued and stapled in a ½" dado in the cabinet's front frame.
- 3 Back panels - made from vinyl-covered (inside only) ½" plywood - are glued and nailed in a ½" dado and stapled to the hang rail and cabinet bottom.
- 4 All-wood ¾" corner blocks are installed on all corners.
- 5 All Base cabinets are 32½" high.
- 6 Wolf Classic's ADA cabinets are designed to meet the Americans with Disabilities Act guidelines with a Toe-kick height of 9". Universal Design cabinets are constructed with a 5½" high toe-kick. Both ADA and UD cabinets are available in special order.

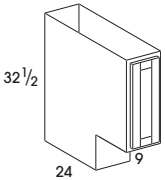

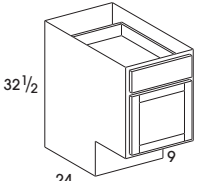

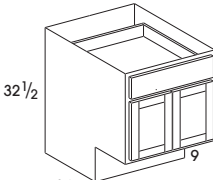

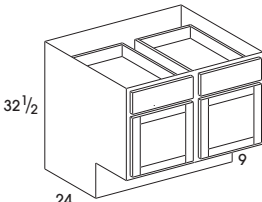

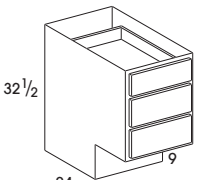

NOTES:

1. In order to maintain height compliance, cabinets must be placed on top of flooring rather than the floor butting up to the cabinet toe-kick.
2. ADA and UD bases do not include an interior shelf due to cabinet and toe-kick heights.

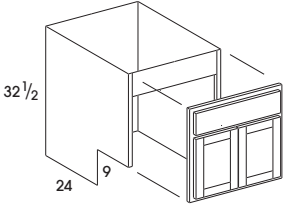

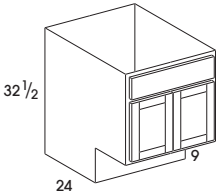

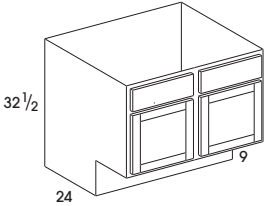

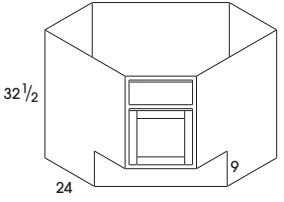

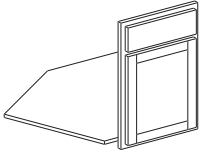

ADA Cabinets: Local codes may differ. Please confirm specifications with local code enforcement agencies prior to ordering. These items are non-returnable.

WOLF CLASSIC | 5-YEAR LIMITED WARRANTY

Wolf Classic cabinets have been manufactured under the highest standards of quality and workmanship.

FIVE-YEAR LIMITED WARRANTY ON CABINETS, DRAWER GUIDE AND HINGES

Wolf Home Products warrants to original consumer purchasers for five years from date of original purchase that cabinets, drawers, drawer guides and hinges used in the manufacture of Wolf Classic cabinets shall be free from defects in material and workmanship under normal use.

GENERAL WARRANTY GUIDELINES

Should Wolf Classic cabinets fail during the applicable warranty period due to defects in the material or workmanship under normal use, Wolf Home Products, at its discretion, will repair or provide the parts necessary to replace the defective products.

This warranty is applicable only to products used in residential applications in the United States and is not transferable. This warranty does not cover products that are misused, abused, mishandled, improperly installed, improperly stored, changed, modified or subject to extreme temperatures or extreme moisture levels, or normal wear and tear. This warranty is not valid for products used for any purpose other than the purpose for which they were originally intended. This warranty does not cover the cost of installation, removal, subsequent damage or transportation of the defective product, regardless of whether the work was performed by a contractor, service company or the consumer.

Variations in color and grain pattern are a natural characteristic of wood. Color changes also may result from exposure to light, heat, smoke, household cleaners, and other elements and environmental conditions that are part of the aging process. These material variations and changes are not covered by this warranty. Wolf Home Products reserves the right to substitute for discontinued product the most similar product in styling, wood species and color available at the time a claim is submitted.

Paint finishes are uniquely different from standard wood finishes. On all wood products, expansion and contraction are typical due to changes in climate conditions. Due to this normal movement, paint finishes may develop slight separation lines, finish breaks and seam lines. With use of selected hardwoods and veneers, some grain patterns and wood characteristics (checks, pin knots) as well as seams and joints will remain visible through the paint finish. Over time, there may be a slight color shift, due to exposure to natural and artificial light. These normal conditions are not considered quality defects and are not covered by this warranty.

THIS WARRANTY IS THE EXCLUSIVE WARRANTY OF WOLF HOME PRODUCTS AND IS IN LIEU OF AND WOLF HOME PRODUCTS DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights and you may also have other rights that vary from state to state.

To submit a claim under this warranty, contact your nearest Wolf Classic cabinets dealer or send a letter explaining the defect along with photos and a dated sales receipt as proof of purchase to the address below.
